

Wycombe Wanderers' brand-new kits for the 2025/26 season have been officially unveiled with a familiar name on the front thanks to the continued support of Origin Doors & Windows, who have extended their sponsorship of the club for a further two years.

The leading specialist manufacturer of bespoke aluminium bi-folding doors and windows became principal partners of the Chairboys in 2023, and now kick off their 12th year of support for the club with their name emblazoned across the new light and dark blue quartered home shirt, yellow away shirt and green and white checkered third shirt.

Ben Brocklesby, Sales & Marketing Director at Origin (pictured on the right), said: "Our partnership with Wycombe Wanderers has gone from strength to strength for more than a decade, and we're thrilled to continue as the club's principal partners for another two years, particularly at such an exciting time for the club with the launch of its new academy this summer.

"The club's progress over that time has been a privilege to watch close up and everyone at Origin is looking forward the start of the new season as we send our very best wishes to Mike Dodds, the staff and the players."

Tim Davies, Managing Director of Wycombe Wanderers (pictured on the left), commented: "Origin's support of the club for many years is a source of great pride for everyone at Wycombe Wanderers, particularly with them being our next-door neighbours on Hillbottom Road.

"On behalf of everyone at the club, we thank Origin for standing with us and pledging their support once again as our principal partner and sponsoring the front of our brand-new shirts, and we look to build the relationship even more over the next two years and beyond."

Origin is an industry-leader in the UK and operates internationally in the USA and the Middle East, celebrating 20 years of innovation this year. They have a showroom in High Wycombe and full details can be found on their website at origin-global.com.
