

Wanderers duo Mikki van Sas and Fin Back spent time with members of the club's Disabled Supporters Association ahead of Saturday's 3-0 win over Huddersfield at Adams Park after agreeing to become the squad's ambassadors for the Association.

The pair attended the DSA's AGM earlier this season and accepted an invitation to accept roles of ambassadors following the departure of their predecessor David Wheeler earlier this year.

The Disabled Supporters Association was launched in 2021 in partnership with Wycombe Wanderers Trust, seeking to improve the services and facilities provided by the club for disabled supporters through regular consultation with its committee members, which includes fans with disabilities and/or knowledge and experience in this field.

If you are interested in joining the association and submitting your views on a number of topics in this field, please send an email to dsa@wwfc.com.
