

Wycombe Wanderers are delighted to welcome former Wolverhampton Wanderers Academy defender Josh Gidaree into its Professional Development Phase group.

The former Spurs academy prospect joined Wolves in 2022 and featured regularly in the Under-18 Premier League, playing in a number of different positions across the backline as well as in midfield.

He linked up with the Chairboys' academy in the autumn and has made a handful of appearances in the light and dark blue quarters, including the Berks & Bucks Senior Cup victory at Penn & Tylers Green.

Joshua put pen to paper on his deal at Marlow Road on Tuesday morning.

Nathan Marshall, the Head of Academy Recruitment, commented: "We're extremely delighted to have Josh sign with us. He has thoroughly impressed throughout his trial period, both on and off the field.

"Josh's athletic profile, technical ability, and desire to defend provide an excellent foundation for him to push on and develop his career with us."
